Am I eligible for UQ’s travel insurance?

Automatic travel insurance coverage applies to currently enrolled UQ students undertaking journeys more than 50km from their normal place of residence and is either:

1. Approved University travel as per 1.90.01 UQ Travel Policy and Procedures; or
2. Approved work off campus as per 2.30.09 Work Off Campus Policy and Procedures.

Condition of coverage – You will not be covered by the University’s insurance cover if you receive remuneration from external organisations while on UQ authorised travel.

When am I covered?

Exchange
You are covered by UQ’s travel insurance for:

✓ A maximum 5 days immediately prior to your semester or language classes until a maximum of 5 days after your semester ends including the direct travel to and from and in the country of your exchange;
✓ Travel undertaken during the period of your exchange in the country of your exchange subject to policy terms, conditions and exclusions;
✓ Incidental Private Travel.

Other Authorised Travel
If you are travelling on a Placement, Scholarship, Grant, Short Term Program or other approved University travel, you are covered:

✓ for direct travel to and from your University approved activity;
✓ while you are undertaking your University approved activity;
✓ Incidental Private Travel.

What is Incidental Private Travel?
This will depend on the nature of your University approved activity. Incidental Private Travel is only covered if it is in the same country as the University approved activity.

If on exchange – travel on weekends, mid & between semester breaks will be covered.

For all other authorised travel - in most cases only travel on weekends will be covered.

What if I am travelling to my home country or have a dual citizenship?

Benefits payable under UQ’s travel insurance policy may be reduced if you are covered by your home country’s medical benefits scheme or a local health insurance policy for medical care required while you are there.

If you are not eligible to your home/the other country’s medical benefits/scheme due to residency requirements, medical expenses (as a result of a sickness or injury as defined under the policy) may be considered under the policy.

If you are a resident of Australia, and have a return ticket to Australia as part of your UQ approved University travel, and the medical team recommend repatriation to Australia, then your expenses may be covered under the UQ Travel Insurance policy.

When do I need my own insurance?

You are responsible for your own travel insurance when:

- You are participating in any activities excluded from cover under UQ’s travel insurance (see "What Isn’t Covered?").
- You intend to or are participating in any activities that may be considered risky or could foreseeably result in an injury (i.e. extreme sports, skiing off piste (this list is not exhaustive).
- You are travelling for personal reasons before or after your approved travel.
- You wish to travel outside of the approved country.

Where can I get private travel insurance?

This insurance can be arranged online through Chubb Travel Insurance or an insurer of your choice. Use of Chubb Insurance is between you and Chubb, and in no way associated with the University.

Q. What is a Certificate of Currency?
A. A Certificate of Currency is a document from the University’s insurer, certifying that the University has a current Travel Insurance policy in place. It includes the traveller’s name, dates of travel, limits and period of coverage.

Q. How do I get a Certificate of Currency?
A. Please request certificates by emailing insurance@uq.edu.au and specifying the full name of the person (as per passport), Student number, Passport Number, Travel Request or Travel Notification number, letter of acceptance from the host university (if on exchange or short term program), why the certificate is required (e.g., visa requirement) and your travel itinerary. You will receive a PDF copy of your certificate within 5 working days.

Q. How do I know if my travel is UQ Approved?
A. For international travel, you will have received a Travel Request Number in UniFi and it will show as ‘approved’ in UniFi OR you will have received a Travel Notification Number or written approval from your School/Faculty/UQ Abroad. For domestic travel you must have evidence of written approval from your Supervisor/School/Faculty (email is sufficient).

Q. Do I need to buy my own insurance?
A. You should buy your own travel insurance if you are undertaking any private travel or if you are intending to undertake extreme sports or dangerous activities during your approved University travel. You can purchase travel insurance through Chubb https://uni.chubbtravelinsurance.com/qq or an insurer of your choice.

Q. Can I extend the UQ Travel Insurance policy?
A. You cannot “extend” the UQ Travel Insurance policy, but you can take out cover for any excess travel through Chubb or an insurer of your choice.

Q. Do I have a personal policy number I can quote for this insurance?
A. You won’t receive a personal policy number. You are insured under UQ’s corporate policy number: 01PP529201.

Q. I recently travelled to Europe on a placement and came down with bronchitis and had to see a doctor and he prescribed some medication. Are both the doctor’s appointment and the medication covered?
A. Yes, both the doctor’s appointment fee and medication are claimable. You need to pay the doctor’s fees and prescription in the first instance and then claim for reimbursement. A $100 excess applies. For example if the doctor’s appointment costs $150 and the prescribed medication costs $20 (totaling $170), you will be reimbursed $70 after the $100 excess is applied.

Q. I am in the USA and injured my leg while playing rugby. I saw the doctor again today, and he told me that I won’t be ready for surgery here this semester and so as a result, I will be having the surgery back home in Australia. Am I covered?
A. Your Doctor’s appointment costs in the USA are claimable. The UQ travel insurance policy cannot pay any medical expenses that occur in Australia which a Medicare benefit is or would be payable (Health Insurance Act 1973). You can claim physiotherapy or any other similar expenses that occur in Australia, which have been requested by your Doctor, where a Medicare benefit is not payable.

Q. I am a student at UQ and have just found out I am pregnant. I’m scheduled to undertake placement overseas during summer semester 2016. I’m following up to make sure there is no change to my travel insurance due to my change in circumstances?
A. Pregnancy is covered but only for unforeseen emergency circumstances. Medical expenses for a Premature birth is only covered if it is due to a sickness or injury. No cover is provided for routine pregnancy, birth or other routine expenses. Expenses that are incurred where a Journey is undertaken against the advice of a Doctor or when the Covered Person is unfit to travel is not covered. Please obtain a certificate from your Doctor prior to travelling stating you are fit to travel.

Q. Is it okay to have two concurrent travel insurance policies? Which one do I claim through?
A. You can have concurrent travel insurance policies. If you need to make a claim, you must claim from your own travel policy in the first instance. The policy held by the University will only provide cover for any differences in cover and you will need to disclose the details of your concurrent travel insurance policy when claiming through the University.

Q. Can you please advise the details of who to contact in the case of an issue arising overseas?
A. In case of emergency, please contact Chubb Assistance on 61 2 8907 5995 or send an e-mail to assist@medicalassistance.com.au and quote policy number 01PP529201.

Q. Should I take out insurance when I rent a car overseas or does the travel insurance cover that?
A. You need to take out comprehensive insurance and all compulsory motor vehicle insurance provided by the rental organisation. Provided that these insurances have been taken up, the UQ travel insurance policy will cover the hire car insurance excess up to $5,000.

Q. I am going on exchange to a University in Milan next semester through UQ Abroad. The official start of the semester is 11 February; however I am enrolled to complete an Italian language course through the university from 31/1 to 9/2. Does the UQ travel insurance cover me from five days before the start of the language course or from five days before the official start of the semester?
A. UQ’s travel insurance covers you for 5 days prior to the start of the semester. I’m following up to make sure there is no change to my travel insurance due to my change in circumstances?
